Program proposal Mongolian "HBP week" 8-10 August 2023

Timing	Title	Speakers
8 August 2023, Tuesday, National Cancer Center of Mongolia Conference hall		
8:00	Registration	
	<i>Opening ceremony:</i>	
8:30	<i>Prof. Chimburen, Jigjidsuren</i>	<i>President of Mongolian HPB Society Member of Parliament</i>
	<i>Prof. Erdenekhuru, Nansalmaa</i>	<i>General director of National Cancer Center of Mongolia (NCCM)</i>
	<i>Prof. Erdene-Ochir, Yansan</i>	<i>Chairman of surgical clinic, NCCM</i>
9:00	Teams discussions on upcoming operations Module OP	6 teams
<i>Moderators:</i>		
	<i>Professor Go Wakabayashi</i> <i>Director of Advanced Treatment, Center for HBP Diseases, Ageo Central Hospital, Japan</i>	<i>Dr. G. Uenbat</i> <i>Head of HBPSD, NCCM</i>
9:30-11:00	OP Live: Laparoscopic liver surgery, OP room #3	Prof. Choi Gi Hong Head of Division of HBP Surgery Yonsei Severance Hospital; Dr. Tserendorj NCCM; Dr. Ikham, NCCM
	OP Pancreatic open surgery, OP room #2	Prof. Chang Moo Kang Head of HPBD Yonsei Severance Hospital, Dr. Munkhdalger, NCCM; Dr. Amgalantuul, NCCM; 1 visiting doctor
	OP Laparoscopic liver surgery (HCC case), OP room #6	Prof. David Fuks Head of HPBD Cochin Hospital, Dr. Yربولat, NCCM; Dr. Lkhagvadulam, NCCM; 2 visiting doctor
11:00	Coffee break	

Program proposal Mongolian "HBP week" 8-10 August 2023

<i>Timing</i>	<i>Title</i>	<i>Speakers</i>
11:30-13:00	Lecture: Minimally Invasive Anatomic Liver Resection with ICG-Guidance	Prof. Go Wakabayashi Director of Advanced Treatment, Center for HBP Diseases, Ageo Central Hospital, Japan
	OP Open surgery on liver (CCC case), OP room #1	Dr. Dulguun, NCCM; 2 visiting doctor
	Lecture: Laparoscopic radical antegrade modular pancreatosplenectomy (RAMPS): Case for PDAC OP Open extended cholecystectomy, OP room #5	Dr. E.Taivanbaatar HBP surgeon, Intermed hospital Dr. Minjuur, NCCM; 2 visiting doctor
13:00	NCCM Welcome (lunch)	
14:00	Lecture: Post operational management	Dr. Ch. Munkhzaya Transplant hepatologist, NCCM
14:40	Coffee break	
15:00	OP Live: laparoscopic cholecystectomy by Arthsential technology (New technology) OP room # 3	Prof. Chang Moo Kang Head of HPBD Yonsei Severance Hospital; Dr. Uenbat, NCCM; Dr. B. Amgalantuul, NCCM
15:40	Lecture: Laparoscopic Distal pancreatectomy - Single center experience	Dr. N. Taivan HBP surgeon of Second State Central hospital
16:00-16:30	Discussions	
9 August 2023, Wednesday, State Palace of Mongolia		
8:00	Registration	
9:00	Opening Ceremony	G. Zandanshatar, Chairman of State Great Khural, the Parliament of Mongolia Prof. Chimburen Jigjidsuren President of Mongolian HBP Society Member of Parliament S. Chinzorig Minister of Health Member of Parliament
Session 1 Hepatology and oncology		

Program proposal Mongolian "HBP week" 8-10 August 2023

Timing	Title	Speakers
15-11:00 105 min	Moderators: <i>Prof. D. Davadorj</i> <i>President of Gastroenterology Society</i>	<i>Dr. Ch.Munkhazaya</i> <i>Hepatologist, NCCM</i>
		<i>Dr. N.Erdenekhuu</i> <i>General director, NCCM</i>
	Interdisciplinary management on pre-cancer morbidity	<i>Prof. Davadorj.D</i> President of Gastroenterology society
	The current situation of HBV HCV HDV hepatitis in Mongolia	<i>Prof. Niu Junqi</i> The First Hospital of Jilin University People's Republic of China
	Epidemic status and management of viral hepatitis in China	<i>Prof. Kaprin A.D.</i> National Medical Research Radiological Centre, Russian Federation
	HCC incidence and management in Russia. Radioembolisation: Challenges and advantages.	
Coffee Break		
Session 2 Radiology and Interventional Radiology		
Moderator:		
<i>Prof. Yun Hwang Kim</i> Presbyterian Medical Center, Jeonju, Korea	<i>Prof. D. Gonchigsuren</i> <i>President of Mongolian Society of Radiology</i>	
Advanced MRI, CT techniques in HCC imaging	<i>Dr. N. Javzandolgor</i> Head of Radiology Department, Second State Central Hospital	
Resection and ablation for liver cancer	<i>Prof. Shiina Shuichiro</i> President APASL, Department of Gastroenterological Imaging and Interventional Oncology, Juntendo University	
The Role of Transarterial Radioembolization in HCC treatment	<i>Prof. Yun Hwang Kim</i> Presbyterian Medical Center, Jeonju, Korea	
Interventional treatments of HCC in Mongolia	<i>Dr. N. Yumchinsarchin</i> Head of Interventional Radiology department, NCCM	

13:00
105 min

Program proposal Mongolian "HPB week" 8-10 August 2023

Timing	Title	Speakers
	Endoscopic diagnosis and EMR/ESD strategy for colorectal tumors	Dr. Yutaka Saito Director of the Endoscopy Division National Cancer Center Hospital, Japan
13:00	Lunch	
	Session 3 Surgical	
	<i>Moderator:</i>	
	<i>Prof. Kwang Woong Lee LDLT team, Seoul National University Hospital</i>	<i>Prof. J. Chimburen President of Mongolian HPB Society Member of Parliament</i>
	Laparoscopic and robotic hepatectomy: from basic to advanced steps	Prof. Choi Gi Hong Head of Division of HPB Surgery Yonsei Severance Hospital
	Minimally invasive pancreatoduodenectomy: Current Yonsei Clinical practice and future perspectives	Prof. Chang Moo Kang Head of HBPD Yonsei Severance Hospital
0-16:30 180 min	Minimally invasive HPB surgery in France	Prof. David Fuks Head of HPBD of Gochin Hopital
	Updates in selection criteria of LT for HCC	<i>Prof. Kwang Woong Lee LDLT team, Seoul National University Hospital</i>
	Minimally invasive LDLT	Prof. Jong Man Kim Transplant department of Samsung Medical center
	LDLT bile duct anastomosis technique	Prof. Vivek Vij Transplant surgeon, Fortis Hospital, India
	Artisental cholecystectomy as an alternative to robotic SP approach	Prof. Chang Moo Kang Head of HBPD Yonsei Severance Hospital
	Coffee Break	
	Session 4 Non-surgical	

Program proposal Mongolian "HPB week" 8-10 August 2023

<i>Timing</i>	<i>Title</i>	<i>Speakers</i>
-17:30 45 min	Atezolizumab on HCC	Professor Arybzhanov Dauranbek Deputy Director for medical care of the Multidisciplinary Hospital of the Zhetysay Region, Kazakhstan
	Conversion Surgery in locally advanced HCC	Dr. Choi Gi Hong Head of Division of HPB Surgery Yonsei Severance Hospital
	Immunotherapy on unresectable primary liver cancer	Prof. David Fuks Head of HPBD of Gochin Hospital
	Session Finale	
17:30-18:00	"HPB WEEK" President's lecture	Prof. J. Chimburen President of Mongolian HPB Society Member of Parliament
9 August 2023, Wednesday, National Cancer Center		
<i>Conference hall</i>		
Module: Before and after LDLT care management for nursing professionals		
	<i>Moderators:</i>	
	<i>Yu. Ogunzul</i> <i>Head of Nursing Service, NCCM</i>	<i>B. Oyumaa</i> <i>Senior Nurse, Department of Anesthesiology,</i> <i>NCCM</i>
10:30	Donor & recipient care management before LDLT	Ch. Tserennadmid Nurse, HPB department, NCCM
10:45	Scrub nurse presence during liver transplantation	L. Danzanyam Scrub nurse, Anesthesiology Dept., NCCM
11:00	Intrathecal Morphine combined with intravenous patient-controlled analgesia is an effective and safe method for immediate postoperative pain control in live liver donors	B. Soyolzul Anesthesiology nurse, Anesthesiology Dept., NCCM
11:30	Coffee break	
11:45	ICU care management donor & recipient	B. Oyun-Erdene Senior nurse, Intensive care unit, NCCM

Program proposal Mongolian "HPB week" 8-10 August 2023

<i>Timing</i>	<i>Title</i>	<i>Speakers</i>
12:00	Ward care management donor& recipient	O. Khailunaa Nurse, HPB department, NCCM
12:15	HDU introduction	E. Baymbajargal Nurse, HPB department, NCCM
12:30	Liver transplant surgery after physiotherapy in ICU	Dr. Ts. Tsengelmaa Head of Rehabilitation Dept., NCCM
12:45	Liver transplant surgery after physiotherapy in ward	G. Suvd-Erdene Physical therapist, Rehabilitation Dept., NCCM
10 August 2023, Thursday, National Cancer Center		
<i>Conference hall</i>		
Module LDLT		
<i>Moderators:</i>		
9:00	Greetings	Prof. J. Chimburen President of Mongolian HPB Society Member of Parliament
9:10	Current status of Liver transplant program in NCCM	Dr. R Munkhbat Head of Transplant department, NCCM
9:30	LT in Mongolia - deceased donors	P. Batchuluun Department for regulating cell, tissue and organ transplantation, Center for Health Development
9:45	Video case study - liver transplant surgery from living donor	Dr. B. Munkhdelger HPB surgeon of Transplant department, NCCM
11:15	Coffee break	
11:30	The Role of IR in before and after liver transplantation	Dr. Urnultsaikhan Head of the Diagnostic center of The First Central Hospital of Mongolia

Program proposal Mongolian "HBP week" 8-10 August 2023

<i>Timing</i>	<i>Title</i>	<i>Speakers</i>
11:45	LDLT: Steps and tips	Dr. A.Yerbolat HPB surgeon of Transplant department, NCCM
	Module Interventional Radiology and Endoscopy	
	<i>Moderators:</i>	
	<i>G.Urultsai Khan Chairman of Mongolian Society of Interventional Oncology</i>	<i>Prof. B.Erdenebulgan Second State Central Hospital</i>
12:00-tbd	Endoscopy procedure, OP room # 4	
13:00	Lunch	
12:30	Lecture: Double-balloon endoscope-assisted endoscopic retrograde cholangiopancreatography (DB-ERCP) in patients with altered gastrointestinal (GI) anatomy	Dr. Kh. Tsevelnorov Endoscopist Mongolian-Japan Teaching Hospital
14:00-tbd	RFA procedure, OP room # 4	Prof. Shiina Shuichiro Department of Gastroenterological Imaging and Interventional Oncology, Juntendo University
15:00-tbd	MWA, TACE, PVE procedure, IR room	Dr. Yun Hwan Kim Presbyterian Medical Center, Jeonju, Korea; Dr. N.Yumchinserchin, NCCM; Dr. S.Munkhbat, NCCM; Dr. B.Tergunbileg, NCCM; Dr. S. Bilguuntuguidur, NCCM; Dr. Ts.Tsendjav, NCCM
16:00	Advantages of Multiple electrode ablation	Dr. P.Bat-Ireedui Director of Sukhbatatar district hospital
16:15-17:00	Discussions
